

**OUR MISSION** is to support families for children who are deaf or hard of hearing (DHH) by providing financial assistance for education, advanced hearing technology, and medical care to ensure each and every child reaches their full potential in life.

**OUR VISION**, while aspirational, is a world in which no child's potential is ever limited by obstacles surrounding hearing loss.

## Who We're Helping?

## Why We're Helping?

### Hearing Loss is a Physical and Often Financial Challenge

- **Untreated** hearing loss can affect a child's ability to hear and speak as well as their reading, writing, and social skills.
- Research has shown the **earlier** a child obtains professional hearing and/or speech and language intervention services the more likely the child will reach their full potential in life.
- Statistics reveal children who **do not achieve** grade-level literacy by the 3rd grade are at higher risk for dropping out of high school, becoming incarcerated, and depending on social welfare programs as an adult.

## Who Are We?

- The Jason Cunningham Charitable Foundation (JCCF) is **solely dedicated** to assisting families with deaf or hard of hearing children to alleviate the financial burden associated with hearing loss.
- JCCF provides financial assistance for hearing aids, cochlear implant devices, audiological services, Auditory-Verbal Therapy/specialized school tuition, batteries for hearing devices, and transportation (if necessary).
- 100% of JCCF's proceeds goes directly to families; all JCCF leaders donate their services and time, as they are passionate about the cause.
- As a registered 501(c)(3) nonprofit organization, JCCF is "Silver Star Rated" by the GuideStar Charity Check.

## How Can You Help?

JCCF welcomes you to **become a donor** in helping us achieve our goal by reaching as many families as possible who are facing financial challenges related to hearing loss.

**DONATE NOW** – You can help us save a child's future: visit [www.cunninghamcharity.org](http://www.cunninghamcharity.org)

## Making an Impact Since 2016

**\$385K** Raised to Date

**60+** Families Helped

**300+** Assisted through our Covid-19 Crisis Hearing Aid Battery Program

**100%** Of All Donations Support the Cause (After Year 1)

## Help. Hope. Hear.
